CHANGES WITHIN THE CHARLES COUNTY SHERIFF'S OFFICE

With the new year, the Charles County Sheriff's Office presents a new division within the agency, the **Community Services Division**. This new division was created to accommodate a growing community and to provide our community partners with optimal service. Community Relationships are a top priority for Sheriff Troy Berry and this new Division focuses primarily on these partnerships with the community.

Our **Community Policing Unit** and the **Community Engagement Unit** (previously Community Relations Unit) will now fall under the newly formed **Community Services Division**. (These units previously fell under the Special Operations Division)

Changes will be coming over the next few months to effectively and efficiently utilize all personnel within this new division to accommodate our rapidly growing county to build and enhance our community partnerships.

CAPTAIN BEAN #310

THANK YOU FOR YOUR LEADERSHIP!

With the changing of Divisions we say goodbye to our previous Commander, Captain Charles Bean #310. Captain Bean #310 will remain the commander of the Special Operations Division and will continue to be a great asset to the units below him. Captain Bean has been a huge supporter for community outreach. Please join us in thanking Captain Bean for his outstanding leadership and enormous support with all our community events. Though he will not be a part of the Community Services Division you will still see him at some of our community events!

DECEMBER COMMUNITY EVENTS

We love taking part in community events, and we love when our communities invite us out! Our goal is to bridge the gap between the community and Law Enforcement. If your community is putting together an event and you would like one of our community officers to attend, please contact Gus Proctor at proctora@ccso.us / 301-932-3080

Special thanks to Nanjemoy, Bryans Road, Bannister, Fieldside, Adams Crossing, and LaPlata for allowing us to join your community in events last month! We wouldn't be successful without the continuous support from our communities.
